Don't Be a Wishful, (Misinformed) Recycler!

Not all Plastics are recyclable – when in doubt, throw it out! Accepted symbols  &  **ONLY!**

Only properly prepped CLEAN materials can be recycled, the rest is **GARBAGE!**

Improperly prepared recycling products contaminate the load, forcing otherwise useful material to go to a landfill, hence driving recycling costs up because disposal now happens twice.

These common 'Wishful' Recycle items are actually GARBAGE and should be disposed as regular Trash:

1. Pizza Boxes
2. Plastic Drink Cups, Lids and Straws
3. Packing Mailers with Bubble Wrap Inside
4. ANY Packaging that combines Cardboard and Plastics or Metals (UNLESS SEPARATED)
5. ANY Materials Contaminated with Food or Moisture
6. Anything Rubber
7. Plastic Film/Wrap, Plastic Bags, Plastic Toys
8. Plastic Food 'clam-shell' Containers

**JUST BECAUSE YOU PUT IT IN THE RECYCLE, DOESN'T MEAN IT WILL BE RECYCLED.**

**IF YOU DON'T RINSE - IT WILL NOT BE RECYCLED!**
